i Detailed rules, event guidelines and participation instructions will be provided through the registration platform.

Organised by
Royal School of Life Sciences
The Assam Royal Global University

ORGANIZING COMMITTEE

ADVISOR

Prof. Alak Kumar Buragohain
(Vice-Chancellor, Royal Global University)

Prof. Nikhil Kumar Churungoo
(Dean, RSLSC)

SUPERVISOR

Prof. Bandana Nabis Das
(Professor, Dept. of Botany)

COORDINATOR

Dr. Dharmeswar Barhoi
(Asst. Professor, Dept. of Zoology)

Dr. Anushree Baruah
(Asst. Professor, Dept. of Botany)

Dr. Anirban Banik
(Asst. Professor, Dept. of Zoology)

Dr. Pundarikaksha Das
(Asst. Professor, Dept. of Forensic Science)

ABOUT THE ASSAM ROYAL GLOBAL UNIVERSITY

Empowering Knowledge • Inspiring Futures

The Assam Royal Global University (RGU), one of the premium Universities in India, has continuously acted as a leadership Platform that aligns the interests of industries, entrepreneurs, and the youth since its establishment in 2017. Aimed at creating and sustaining an environment wherein employment and Entrepreneurship can flourish with collaborative Efforts amongst an extensive network of influential corporates, Individual members, and academic institutes, Royal Global University has been able to provide necessary resources, Knowledge, and support to create effective employment and Entrepreneurship opportunities. The university's strategic location in Guwahati makes it an accessible educational destination for students from across Northeast India and beyond. RGU is located at Betkuchi, next to NH-37, opposite Tirupati Balaji Temple/ISBT.

ABOUT ROYAL SCHOOL OF LIFE SCIENCES

The Royal School of Life Sciences (RSLSC) at The Assam Royal Global University comprises three academic departments — Zoology, Botany and Forensic Science. The school is committed to excellence in teaching, research and innovation, fostering an environment where young minds can explore the life sciences and pursue impactful scientific research. The school's research excellence is reflected in its **265+ research publications in reputed journals** and **₹1 Crore+ in extramural research grants** secured from prestigious funding agencies, including ICMR-DHR, DST, and others.

ABOUT THE CHAMPIONSHIP

The **1st RGU North-East Young Biologists Championship 2026** is a one-day scientific and academic competition that gives young students an engaging platform to demonstrate their scientific knowledge, creativity, practical skills, scientific aptitude, and interest in biological sciences. The 1st RGU North-East Young Biologists Championship 2026 aims to inspire curiosity and scientific thinking, encourage healthy academic competition, develop practical and problem-solving skills, promote biodiversity and environmental awareness, and provide students an opportunity to experience the academic environment of RGU.

Inspire curiosity and scientific thinking

Promote biodiversity and environmental awareness

Encourage healthy academic competition

Provide students an opportunity to experience the academic environment of RGU

Develop practical and problem-solving skills

HOW TO REACH ROYAL GLOBAL UNIVERSITY

The Royal Global University is located in Betkuchi, opposite Tirupati Balaji Temple / ISBT, and is conveniently close to major transportation hubs in Guwahati. The university is about 22 km from Lokpriya Gopinath Bordoloi International Airport, about 12 km from Guwahati Railway Station and Kamakhya Railway Station, and about 500 m from the Inter-State Bus Terminus (ISBT).

FROM AIRPORT
Lokpriya Gopinath
Bordoloi Int'l Airport

WHERE SCIENCE MEETS CURIOSITY!

Are you ready to question, investigate and compete? The first RGU Northeast Young Biologists Championship 2026 brings together young scientific minds for an exciting day of knowledge, experimentation, biodiversity, innovation and scientific creativity.

Think Like
a Scientist.

Compete Like
a Champion.

Innovate for
a Better Tomorrow.

5 EXCITING CHALLENGES

- | | | |
|----|----------------------------------|----|
| 01 | Biology Quiz | ? |
| 02 | Bio-Lab Challenge | 🧪 |
| 03 | Northeast Biodiversity Detective | 🌿 |
| 04 | Eco-Innovation Challenge | 💡 |
| 05 | Model Preparation & Exhibition | 🖼️ |

₹10,000 PRIZE
FOR EACH EVENT

Who Can Participate?

Students of Classes XI & XII (Science Stream) from schools and colleges across Northeast India

Your journey as a Young Scientist begins here!
